

# **WARNING: DO NOT BUY OR SELL YOUR VEHICLE AT GATEWAY CLASSIC CARS**

**THEY HAVE BEEN LYING AND  
DECEIVING PEOPLE FOR YEARS...**

## **4 REASONS NOT TO SELL OR CONSIGN YOUR VEHICLE AT GATEWAY.**

- 1)** There is a good chance your vehicle will get wrecked or damaged! Countless vehicles in their showroom have been wrecked or damaged over the years!
- 2)** Gateway's price mark-up (when they put your vehicle on their website) will be too high! Hence, because of how high priced it will be online, it will never sell or take too long to sell! There are cars sitting in their showroom for years that have never been sold!
- 3)** Good chance you will be misled or lied to if and when there is a sales transaction on your vehicle!
- 4)** Potential irreversible mechanical damage because of your vehicle sitting too long without being started or driven.

# **3 REASONS NOT TO BUY A VEHICLE AT GATEWAY:**

**1)** Gateway's prices on their vehicles are too high! Undeniably, all their vehicles are way over-priced! If you see a vehicle you are interested in at Gateway - just Google search online that same year, make and model (e.g. "year, make, model for sale") and you find the same vehicle for thousands of dollars less!

**2)** Many vehicles Gateway has sold over the years have had body and mechanical issues. They sell all their vehicles "as is". Many customers have bought vehicles at Gateway only to find out later that the vehicle has issues and Gateway will ignore them - once the vehicle is sold!

**3)** Lastly, misleading both the buyer and the seller is a common practice at Gateway! It's very possible you will be mislead or lied to during the sales transaction! Indeed, this is where the deception can be the most prevalent.

**THEREFORE, DON'T BE DECEIVED!  
NEVER BUY OR SELL A VEHICLE  
AT GATEWAY!**
